

Daventry Town Council has invested a great deal of time in planning this year's Christmas lights and switch-on event. Lots of research has been done to improve upon previous displays both in quality and value and to make this year's Christmas Light Switch on Event something really spectacular!

In Daventry Town this year there will be a new range of Christmas lights and decorations which we have taken a great deal of care to choose. The new lights will make the event's display even bigger and better.

This year, the council will be using energy efficient bulbs to help reduce Daventry's carbon footprint. The Town Council has also managed to reduce

the price for all of the Christmas Lights, but hasn't skimped on the extravagance of the decorations

At the Christmas Light Switch on Event there will be many different forms of entertainment for all the family to enjoy for example; face painting and sketchers. Various different community groups have been asked if they want to have stalls to host their own entertainment to raise money for their chosen charities. We have many ideas from the community groups as to what they want to hold on their stalls to raise money.

Come and join us on November 21st for the Switch on Event and get in the festive mood in Daventry with friends and family.

Daventry's Christmas Lights

**This Year's Christmas Light Switch On Event
is being held on**

21st November 2009, 2:00pm – 5:00pm

This year's theme is Victoriana

**We invite everyone to dress up. Daventry's very own councillors
and store owners will also be in costume.**

**The Christmas Lights are being turned on by a mystery guest;
come along to find out who...**
