

## Queen's Platinum Jubilee – Print your own Paperchains

1. Cut all your paperchains into individual strips – remember to **NOT** cut off 'Tab A'
2. Take one of your paperchains and form a loop with the Union Jack pattern on the outside
3. Glue or sticky tape the end **onto** Tab A and secure into position
4. Feed a 2<sup>nd</sup> paperchain through your 1<sup>st</sup> looped paperchain and repeat the process from point number 2
5. Repeat until all your paperchains are joined together then hang them around your home - print as many as you want!
