As a local resident I just want to say how lucky as a town we are having the town centre ranger, Charlotte. Charlotte not only patrols the town centre but the estates in Daventry and has organised well attended litter picks. I've seen a few different town rangers over the last couple of years which Charlotte comes out n.o 1, is always approachable, caring and engages and supports Daventry residents/Retail owners.

Charlotte is genuinely very very lovely. I was in town prior to Christmas and my son was having a sensory meltdown on the high street and she was so kind to him. She gave him some Christmas jingle bells on a clip and he has not put them down since

As a new market trader, Charlotte has been so helpful and caring - it's great to know she is around to help out and keep an eye on things! Thanks Charlotte.
